

## CHARGING

Plug the charging cable into a powered USB port and the micro USB port of the Fit3. The red light will stay lit while charging, and turn blue when fully charged.

## PAIR WITH YOUR DEVICE

1. When the Fit3 is off, press and hold the multifunction button until you see the red and blue lights flashing in an alternating manner.

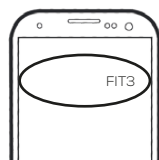

2. Open the Bluetooth menu on the Android or IOS device you wish to pair. Some devices require you to select "search for devices" or "add a new device" in order to create a Bluetooth pairing.

3. Wait until you see "FIT3" on your device screen.

4. Select "FIT3" on your device and follow any further prompts to pair. Use 0000 if a pin is required.

# Thank You

for choosing **LOGIC** products

When you buy a LOGIC product, you trust our quality and work. We will always answer that trust with high quality products just for you. Our only goal is always your 100% satisfaccion with every LOGIC product.
